MAINTENANCE

SPRING, SUMMER & FALL

- Relatively maintenance free
- Grass filled pavers require only basic lawn maintenance (watering, fertilizer and mowing)
- Grass easy to cut

WINTER

- Earth's warmth emanates up through grid-pavers melting snow
- Melted snow drains down through grids
- Grids help prevent icy spots and slipping
- Gravel and grids create grip in snow
- Snowplow at least 1-inch above grid-pavers
- Two-Stage Snow Blower works great on pavers
