Asphalt, Concrete and ECORASTER® Pavers Graphic of Cost \$/sq ft through 20 years

**Concrete Price:** begins around \$10 per sq ft. After 10 years needs upheaval and crack repair. After 20 years price of concrete comes to approximately \$13 per sq ft.

**Asphalt Price:** begins around \$3.50 sq ft for the base layer. Then a year later needs a top layer \$2 per sq ft. Then every year needs sealing \$0.4 /sq ft. After 7 years it is cracked and destroyed and needs again base layer, then top layer, then sealing every year. After 15 years it is again cracked and needs again base layer, then top layer, then sealing every year. After 20 years price of asphalt comes to approximately \$22.10 per sq ft.

**ECORASTER:** Price begins \$5.58. Every 5 years add little gravel, if needed, \$0.2 per sq ft. After 20 years price of ECORASTER comes to approximately \$6.18 per sq ft. The Manufacturer gives 20 years guarantee on ECORASTER product if installed correctly.
